Introduction

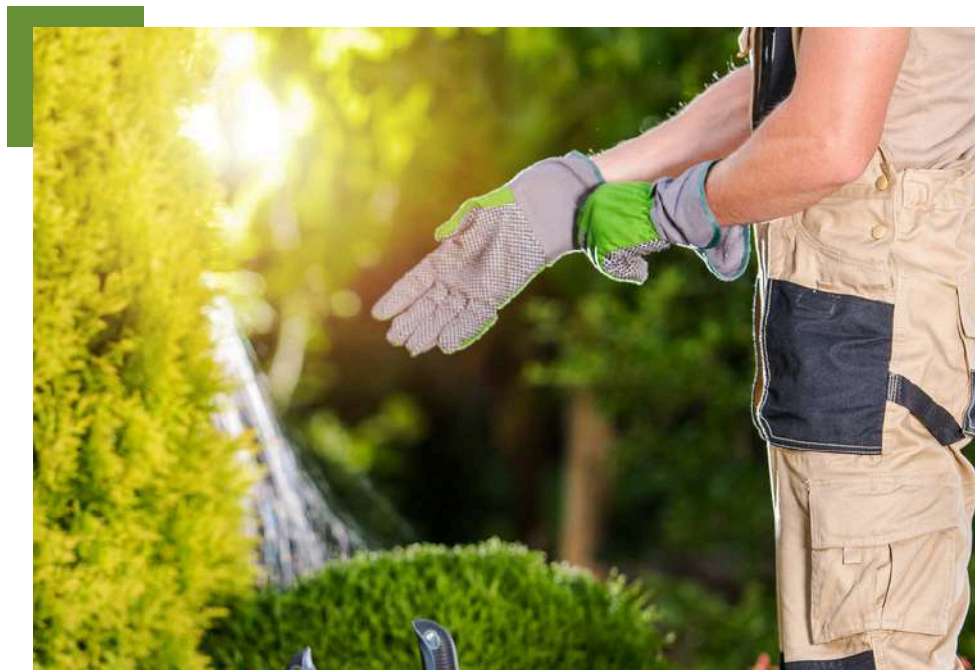

At Alsura El Faeqa Landscape, we have been actively involved in landscape contracting as well as plant and material trading across the UAE. Over the years, we have collaborated with prominent landscape architects, property developers, and a diverse range of commercial and residential clients.

We offer comprehensive landscaping solutions, including customized maintenance services, designed to meet the specific needs of each client. Our work is defined by a seamless integration of natural elements with built environments.

Our goal is to deliver high-quality, customized landscaping solutions that enhance both the visual and commercial value of every project without compromising on sustainability, uniqueness, or cost efficiency. Our dedication to service excellence, punctuality, and a deep understanding of landscaping economics continue to earn the trust and satisfaction of our clients.

Our Mission

At Alsura El Faeqa Landscape, our mission is to earn the complete trust of our clients through consistently high-quality and sustainable performance. We are committed to delivering best-in-class services with every project. Personalized service is our hallmark, and it is this approach that has helped us build lasting relationships and earn the confidence of our customers.

Our Approach

At Alsura El Faeqa Landscape, we deliver every project on time, within budget, and to exact specifications—every time.

Our strengths include:

- Solution-Oriented – We tackle challenges with effective, practical solutions.
- Collaborative – We work closely with clients to ensure seamless execution.
- Proactive Communication – Clear and timely updates at every stage.
- Agile – Quick to adapt to changes in scope or added tasks.
- Efficient Management – Streamlined workflows for smooth project delivery.

OUR SERVICES

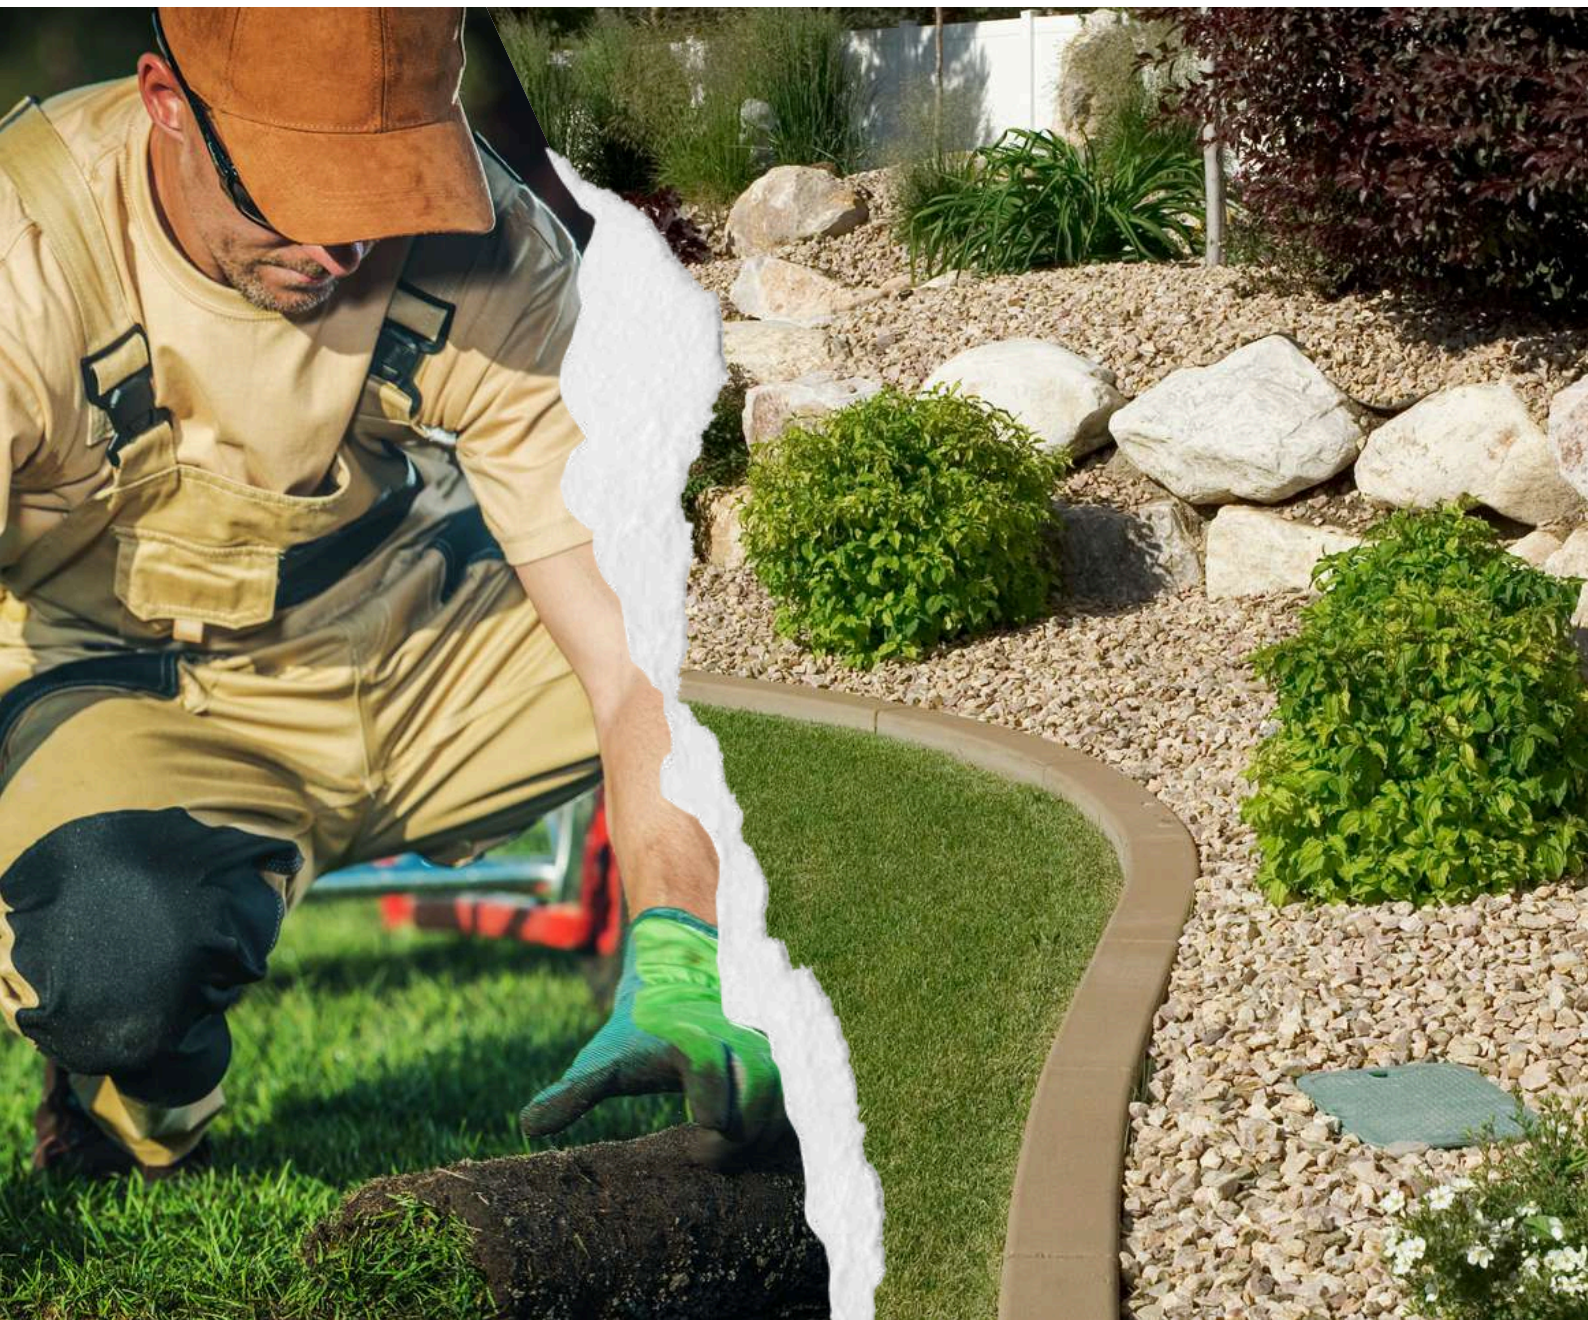

Soft Landscape

We offer soft landscaping solutions that are cost-effective, timely, and sustainable, enhancing the overall appearance of your outdoor space without the need for extensive renovations. Based on your Landscape Design Plan, we can provide a detailed estimate and recommend alternative plants and materials to improve both aesthetics and value while reducing costs.

Our soft landscaping services include:

Planting diagrams, mulching, soil conditioning, new plantings, turf installation, rotary hoeing, tree and stump removal, high-level pruning, tree care and assessment, as well as bobcat and excavation work.

Hard Landscape

We offer professional hard landscaping services, including walkways, patios, paving, and natural stonework using durable materials like concrete, wood, and granite. As the foundation of your outdoor design, hardscaping must be done right from the start to ensure lasting beauty and structure.

With a skilled workforce, we implement your design in a cost-effective and sustainable manner. Our services include paving, drainage, fencing, retaining walls, pool coping, cladding, turfing, lawns, decking, verandas, and stonework.

Irrigation System

An efficient irrigation system is essential for maintaining landscapes in the GCC climate. We specialize in installing automated irrigation systems that deliver water precisely where and when it's needed, ensuring optimal efficiency and plant health.

We use proven materials, reliable equipment, and skilled professionals to protect and sustain your landscape. Additionally, we offer guidance on drought-tolerant planting and design strategies that maximize water use. Our solutions are budget-friendly and tailored to suit your needs offering long-term value and sustainability.

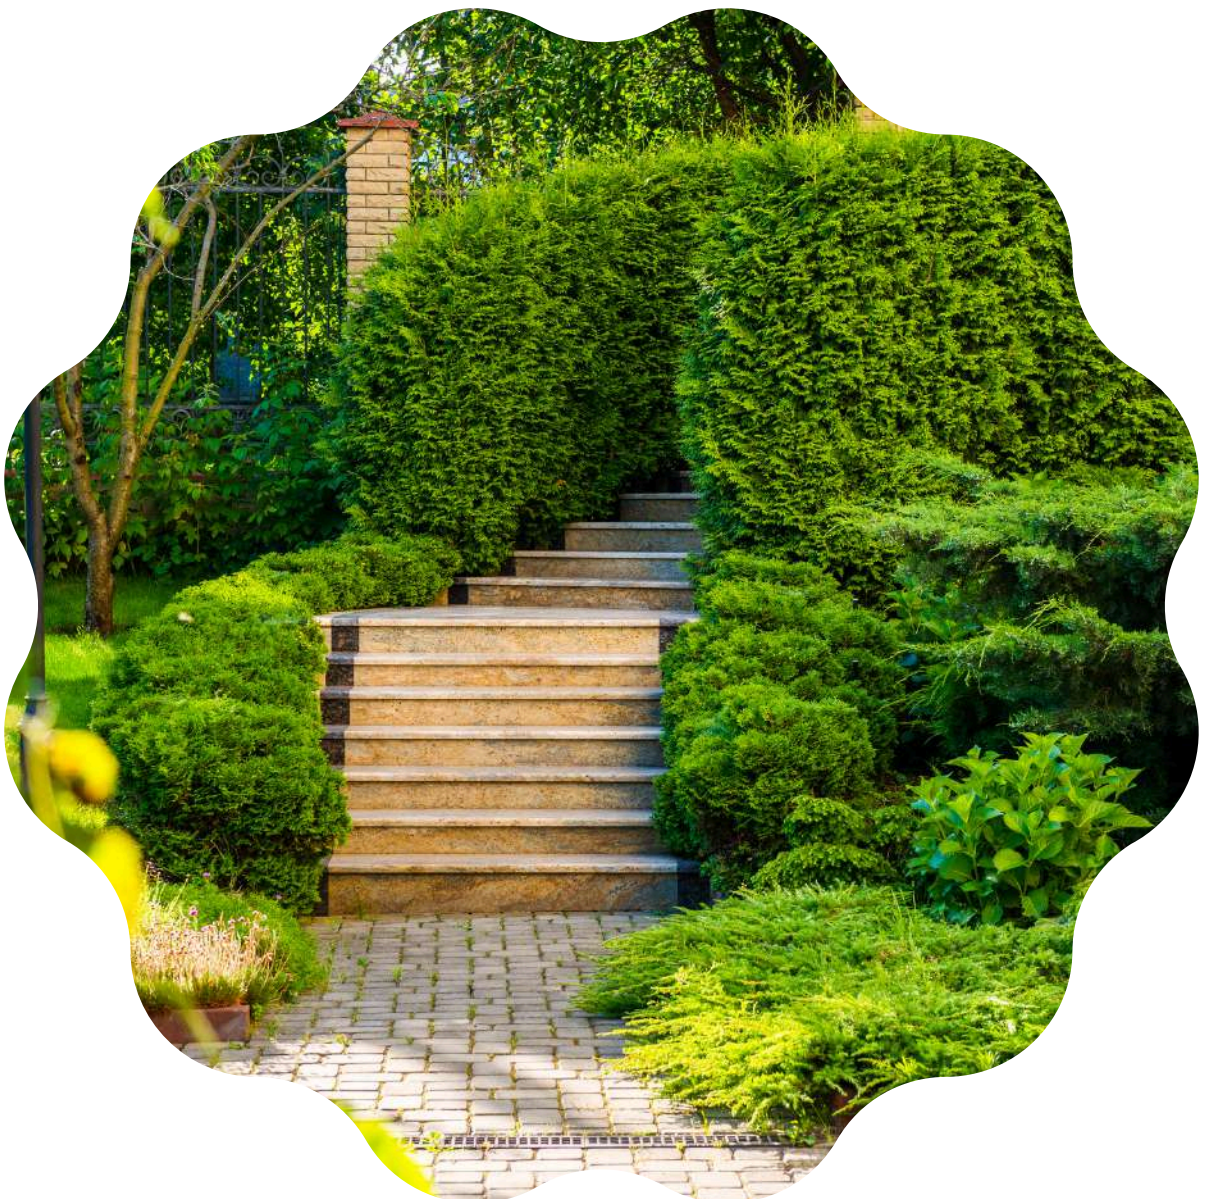

Landscaping Design

Residential and commercial landscape design is one of our core specialties, especially following major renovations or new construction. At Alsura El Faeqa Landscape, we have extensive experience in designing outdoor spaces that enhance and harmonize with existing architecture and surroundings.

Our designs go beyond gardens and green areas to include driveways, paved zones, retaining walls, stairs, and decking blending visual appeal, textures, and spatial awareness to reflect your unique style.

We bring together practical expertise and modern design to bring your vision to life with creativity and precision.

Landscape Maintenance

Landscape maintenance is the crucial for long term sustenance of landscape scenic, and commercial value. Alsura El Faeqa Landscape offers annual and seasonal maintenance contracts to residential and commercial setups. Once signed in, we take complete responsibility of looking after your garden and the landscaping for the period agreed upon in the maintenance contract.

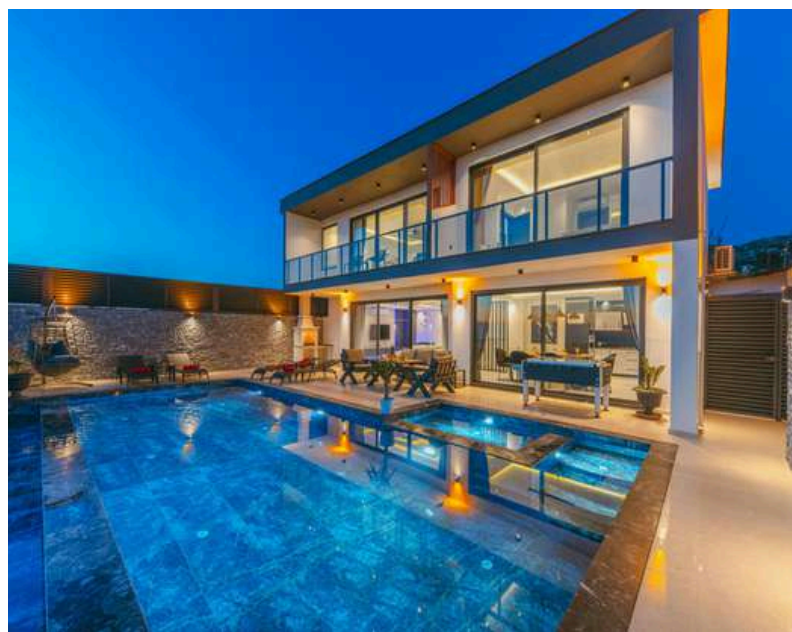

Additionally, we will advise you on markets trends and seasonal requirements. Maintenance services include the pruning of plants, weed control, administration of fertilizers and pesticides, and mowing of lawns.

Water Services - Swimming Pool

At Alsura El Faeqa Landscape, we take pride in delivering a seamless and personalized service experience. With the expertise of our skilled team, we offer fully customized pool and landscaping solutions designed to match your vision.

We collaborate closely with you to understand your goals and tailor a design and construction package that aligns with your budget, style, and available space. Our team explores various options to ensure the final outcome not only meets your expectations but enhances your outdoor living for years to come.

Wholesale of Chemical Fertilizers Trading

Alsura El Faeqa Landscape offers high-quality chemical fertilizers at wholesale levels to meet the needs of landscapers, nurseries, contractors, and agricultural businesses across the UAE.

We supply a wide range of fertilizers including nitrogen, phosphate, potassium, and compound blends designed to enhance soil fertility and boost plant growth. With a commitment to quality, sustainability, and timely delivery, we ensure our clients receive reliable products and expert guidance tailored to their specific requirements.

Wholesale of Natural Plants and Flowers Trading

At Alsura El Faeqa Landscape, we specialize in the wholesale trading of natural plants and flowers, catering to landscapers, nurseries, property developers, and commercial clients across the UAE.

We offer a wide selection of indoor and outdoor plants, seasonal flowers, shrubs, and ornamental varieties sourced from trusted growers to ensure freshness, quality, and longevity.

Our focus is on supplying in bulk, meeting project-specific needs, and delivering on time while maintaining competitive pricing and exceptional service.

Wholesale of Agricultural and Veterinary Pesticides Trading

At Alsura El Faeqa Landscape, we provide wholesale trading of agricultural and veterinary pesticides, serving farms, landscapers, and animal care providers across the UAE.

Our range includes insecticides, herbicides, fungicides, and veterinary pest control solutions, all sourced from trusted manufacturers and compliant with local safety standards.

We focus on quality, effectiveness, and timely supply, ensuring our clients receive reliable products that protect crops and livestock while promoting healthy growth and hygiene.

Other Services

In addition to our core services, Alsura El Faeqa Landscape offers a wide range of solutions for residential, commercial, recreational, and sports facilities. Every project is executed with a strong focus on sustainability, efficiency, and professionalism ensuring timely and cost-effective results.

Our extended services include:

- Turfs and Lawns
- Shading Solutions
- Pergolas
- BBQ Structures
- Fencing
- Outdoor Fitness Equipment
- Sports Courts
- Children's Play Equipment
- Fountains
- Aqua Plants and Lighting
